Oncoming Train – Are You Prepared to Adopt the Financial Reporting and Lease Accounting Standards?

Introduction:

As the effective dates are either here, or rapidly approaching for ASU 2016-14 Not-For-Profit Financial Reporting and ASC 842 Leases, are you seeing the light at the end of the tunnel, or is it an oncoming train? The goal of today's webinar is to help prepare you and give you some practical next steps to help you cross the finish line before getting run over by the train of change.

Topics Will Include:

Upcoming not-for-profit financial reporting standard changes, and lease accounting standards and practical next steps to prepare for adoption of both of these standards. Accountants, Controllers, CFO's should attend to learn about what their financial statements will look like in future periods and takeaway some tips for preparing to adopt the new standards.

Course Objectives:

To enable participants to have an understanding of changes that are coming to their financial reporting requirements related to lease accounting and not-for-profit financial statements.
